Notes:

1. Price of Screen Room, Patio Enclosure Do It Yourself Kit includes screen frames and hold down brackets, sliding screen door and hardware, roof track, extrusions for top of screen frames, rafter hangers, rafters, rods and soft vinyl roof.
2. Customer provides their own screws to secure the hold-down brackets to a deck or patio and roof track to a home or a trailer. This approach is taken because the manufacturer does not know whether the Screen Room, Patio Enclosure Do It Yourself Kit is being attached to a wood or concrete structure.
3. It is assumed that the connecting wall is 8' high. Other optional heights are available.
4. Price includes all shipping and handling within continental U.S. or Canada.
5. Price subject to change without notice prior to customer finalizing order.
6. Please contact us for pricing on custom size Screen Room, Patio Enclosure Do It Yourself Kits.
